MEMORANDUM FOR HQ AFCEA/CC
ATTN: COL BRUCE BARTHOLD

FROM: HQ AFCA/WF
203 West Losey Street, Room 2100
Scott AFB IL 62225-5222

SUBJECT: Networthiness Assessment for Parametric Cost Engineering System
(PACES) Version 4.0.1, CoN1-AS007023-040403-00-0

1. Our assessment of the point paper and determination checklist for Parametric Cost Engineering System (PACES) version 4.0.1 configured for Windows operating systems (98, 2000, NT 4.0 SP 5+) and residing on the user's personal computer local drive indicates it does not adversely affect the Air Force Enterprise Network (AFEN) as the application does not access the AFEN. For that reason, completion of a formal SPCA and NetRA are not required for Parametric Cost Engineering System version 4.0.1. The CoN number issued above signifies this IT capability has been subjected to an assessment sufficient in depth to support the stated determination. If network connectivity is ever required, the Networthiness Assessment process must be immediately initiated and completed before such connectivity will be granted.
2. This determination does not preclude the mandatory DoD requirement for development of the System Security Authorization Agreement (SSAA) and the Command, Control, Communication, Computer, and Intelligence Support Plan (C4ISP).
3. My POC for PACES is June Wilkin, HQ AFCA/WFSL, DSN 779-6259, commercial (618) 229-6259, e-mail afca.wfsl@scott.af.mil.
